Dear Parents: We did it! We managed to stay in school, meet friends, develop a love for learning and get totally ready for kindergarten in the middle of a pandemic. It brings tears to our eyes to see how the children have grown. We are aware that none of this would have been possible without your continued support. From the bottom of our hearts, thank you! ❤️ With May upon us and school coming to a close, this month will be filled with love, music, and heartfelt good-byes. **MOTHER'S DAY PICNIC:** The children are planning a small gathering for their Moms outside on **Thursday, May 6th at 1:20.** We are sorry, but due to Covid restrictions **each student may invite one guest only.** If Mom is unavailable to join us, someone may come in her place. **No siblings please.** The children are excited to serve you on this special day. Come and relax. Please bring a blanket to sit on and we'll provide the lemonade and cake. We are staggering our picnics, so the children will **come to school with you at 1:20.** If the weather is undesirable, we will cancel the picnic and meet in our classroom for a regular school day. **GRADUATION:** We are still working out the logistics of how we are going to graduate this year. We are going to try and have a small graduation in the back yard with some singing and a ceremony on the last day of school. We will send home information with more details as we get closer to the 27th. As of now, we are hoping to invite the family. It has been a memorable year. The children have worked hard and we hope to reward them with a fun graduation!
